Ayrton GIBLI

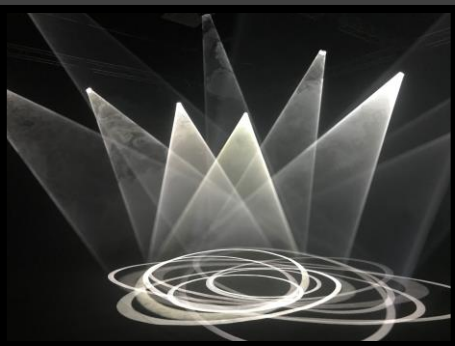

Marklew Productions Ltd are proud to stock the fantastic Ayrton GIBLI LED spot luminaire moving heads.

A versatile and powerful fixture, featuring a 23,000 lumen LED lamp and full framing system. Ideal to add impact to any event.

Trade Discounted Hire Rates Available

AYRTON GIBLI - AVAILABLE FOR HIRE NOW!

The Ayrton Ghibli is an LED spot luminaire that is factory-equipped with a framing system designed to offer lighting designers unlimited creative possibilities.

It is fitted with an LED module using a monochromatic white light source calibrated at 7,500K. The lamp delivers a light output of 23,000 lumens in a highly compact format.

It has 13 high-quality lenses, delivering an 8:1 zoom ratio and a zoom range of 7° to 56°.

The Ghibli comes with a large selection of gobos and colours made to meet the needs of the entertainment industry.

Ayrton MagicBurst

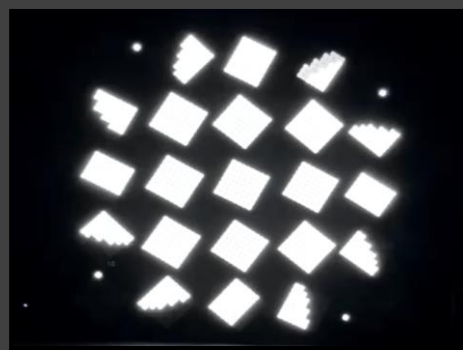

Marklew Productions Ltd are proud to stock the amazing Ayrton MagicBurst LED panel strobe.

A truly versatile high-power graphic LED panel strobe with continuous pan and tilt. Featuring 64 pixels and peak light output of 240,000 lumens.

Trade Discounted Hire Rates Available

AYRTON MAGICBURST - AVAILABLE FOR HIRE NOW!

A large 384 mm squared face supports 3,840 high-output LEDs grouped into 64 pixels on an 8 x 8 matrix. The strobe duration, speed and intensity of each 60-LED pixel can be individually controlled to create breathtaking stroboscopic effects. A library of fixed images and pre-programmed dynamic effects are accessible from fixture memory. With a new, state-of-the-art, ultra-compact 1300 W power supply, MagicBurst can deliver peak light output of over 240,000 lumens for several seconds.

Clay Paky B-Eye K20

Marklew Productions Ltd are proud to stock the impressive Clay Paky B-Eye K20 LED moving heads.

This fixture gives endless lighting effect possibilities. Capable of amazing eye-candy effects, colour washes, and mid-air beam effects.

Trade Discounted Hire Rates Available

CLAY PAKY B-EYE K20 - AVAILABLE FOR HIRE NOW!

The B-EYE K20 is a high-performance wash light, a breathtaking beam light, and a creator of completely new spectacular visual effects. Its unparalleled versatility makes it an extremely interesting creative tool for all lighting designers.

The B-EYE is first and foremost an excellent quality wash light. It's able to wash surfaces with colours at any distance, making the most of its light source.

When the B-EYE beam is zoomed down to 4°, the "wash" light turns into a "beam" fixture. The B-EYE then becomes a surprising mid-air parallel effect light, capable of generating a pulsating beam of micro-rays, which may be controlled individually, each with its own colors and shades. All the parameters of each LED can be completely controlled.

The B-EYE K20 introduces a completely new feature: the front lens may be rotated to create lots of small bright compositions, which may be opened and closed like petals. The B-EYE generates never-before-seen graphic light effects.

Robe LED Beam 150

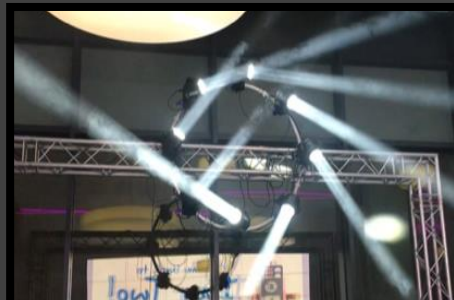

Marklew Productions Ltd now stock the small but powerful Robe LED Beam 150 moving heads.

This fixture is an LED fast sweeping beam and a high quality wide wash light in one compact unit.

Trade Discounted Hire Rates Available

Robe LED Beam 150 - AVAILABLE FOR HIRE NOW!

Attractive colorful chases and smooth transitions are powered by a cluster of high power multichip 30W RGBW LEDs. The spectacular zoom range of 3.8° to 60° uses an eminent custom-designed optical system. A highly optimized motorised control produces speedy pan and tilt movement. Besides intense strobing capabilities, the LED Beam 150 also offers gentle 18-bit dimming, including Tungsten lamp effects. Simplified control via pre-programmed colors on a virtual color wheel and various strobing and pulsing effects allows quick and easy programming.

Robe 600E Spot

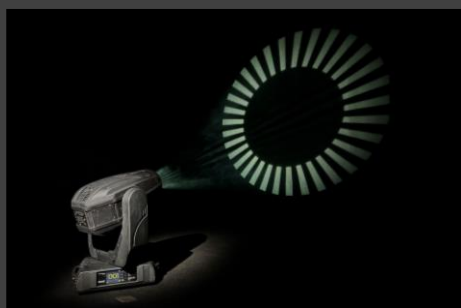

Marklew Productions Ltd stock the powerful Robe ROBIN 600E Spot moving head.

This fixture is a high powered, light weight, low noise, fast moving spot. Perfect for beam effects and gobo projection for a wide range of applications.

Trade Discounted Hire Rates Available

Robe ROBIN 600E Spot - AVAILABLE FOR HIRE NOW!

The super strong light-output can be maximized by using ROBE's unique HotSpot Control system together with the linear iris to create very powerful beam effects. An innovative patented cooling system ensures the best lamp operating temperatures and allows DMX controlled noise reduction. Users have complete control of all features of this fixture, making it ideal for environments where noise levels are critical and light output requirements are high.

Martin **MH3 Beam**

Marklew Productions Ltd stock the powerful and versatile Martin Rush MH3 Beam moving heads.

The MH3 Beam is a powerful moving head that gives an intense long-throw beam for spectacular mid-air looks and effects.

Trade Discounted Hire Rates Available

MARTIN RUSH MH3 BEAM - AVAILABLE FOR HIRE NOW!

The RUSH MH3 Beam produces a powerful beam with an intense long-throw. Perfect for creating mid-air effect. The fixture houses a fixed gobo wheel and color wheel with a multitude of effects possible from a dimmer, strobe effect, 8-facet prism and focus.

Robe PixelPATT

Marklew Productions Ltd stock the beautiful Robe PixelPATT's

The pixelPATT is composed of 7x 40W RGBW LED multi-chips, one in the centre surrounded by a ring of six, housed in a super-slim and lightweight brushed metal frame.

Trade Discounted Hire Rates Available

Robe PixelPATT - AVAILABLE FOR HIRE NOW!

Joining Robe's line of retro style lighting products is pixelPATT, the new addition to the PATT family. In spite of its eye-catching retro design, pixelPATT is based on modern LED pixel-controlled technology.

The pixelPATT is an ideal fixture for television broadcasts, concerts, fashion shows or any type of event from awards to brand activations.

Chroma-Q Color Force

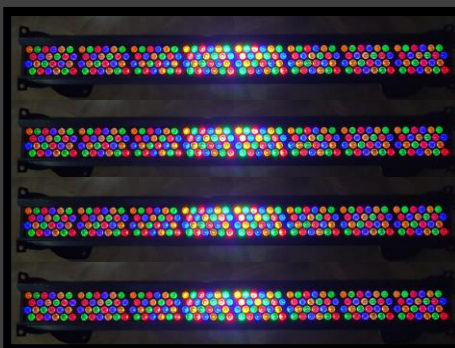

Marklew Productions Ltd are proud to stock the powerful Chroma Q Color Force 48 and Color Force 12 LED battens.

The Color Force offers massive output across the spectrum, ensuring both vivid saturates and subtle palette colours are available from a single fixture. It provides a single fixture solution for concert touring, corporate events, exhibitions, TV and theatre.

Trade Discounted Hire Rates Available

CHROMA-Q COLOR FORCE 48/12 - AVAILABLE FOR HIRE NOW!

The Chroma-Q Color Force™ LED batten range is a brute of a light. The super bright fixture easily washes up to 8m / 26 ft. In addition, the RGBA LED engines provide a radically increased colour palette, together with a high CRI of 92 and theatrical grade dimming, all in the same fixture

Arri Skypanel S60 & S30

Marklew Productions Ltd are proud to stock the famous Arri Skypanel S60 and S30

The industry standard lighting fixture for film and TV, and the ideal fixture for any filming project. **Skypanels** are a compact, ultra-bright and high-quality LED soft light that sets a new standard for the industry.

Available in cases of 3 complete with DOP Choice Softboxes, spigots and rigging hardware

Trade Discounted Hire Rates Available

ARRI SKYPANEL S60/S30 - AVAILABLE FOR HIRE NOW!

SkyPanel puts out a tremendous amount of light, in a soft and uniform beam field. The SkyPanel S60 has more than enough light for most applications. At the same time, the lamphead is able to perform beautifully at lower light levels with a wide range of illumination and colour options.

Astera Titan Tube

Marklew Productions Ltd now stock the hugely popular Astera Titan Tubes in a flight cased kit of 8.

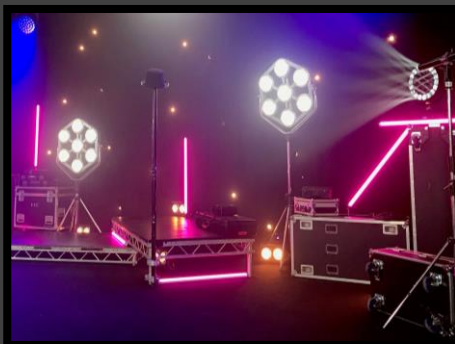

The ultimate film lighting tube for TV, film and photography.
AC powered or battery powered, indoor or outdoor.

Available to hire in a box of 8 tubes, with stands, hardware and a control tablet.

Trade Discounted Hire Rates Available

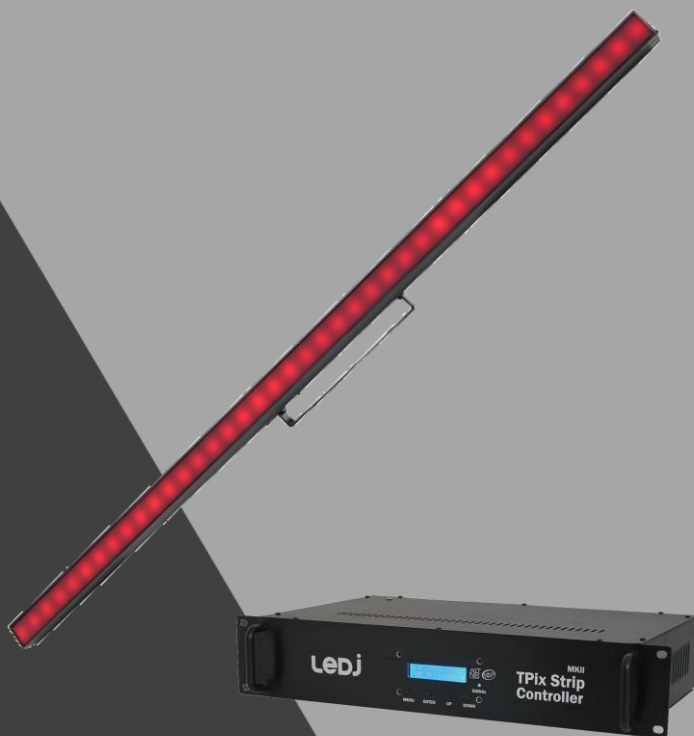

ASTERA TITAN TUBE - AVAILABLE FOR HIRE NOW!

Titan is the ultimate LED tube for filmmakers, TV studios and any creative person. It emits powerful, tunable white with ultra-high colour rendering as well as coloured light which can be applied to individual pixels or the whole tube. The tube offers unlimited range of usage; indoor or outdoor, AC-powered or on battery, with wired or wireless DMX.

TPix LED Pixel Strip

Each of these strips features 40 pixel mappable LED's controlled by the Tpix controller box via DMX or Art-net. The strips can be connected via a joining bracket to create seamless chases and effects. The perfect effect for around trussing and on corporate stage sets.

Trade Discounted Hire Rates Available

TPix LED PIXEL STRIP - AVAILABLE FOR HIRE NOW!

The TPix strips are pixel mappable strips controllable by DMX, Art-Net or Kling-Net. They feature a wide 120° viewing angle and feature a milky, frost effect front screen. Black and clear front screens are included to further expand the versatility of these fixtures. The system is configured by using one controller for up to 16 strips arranged in four groups of four. The strips are easy to link with CAT5/CAT6 cable.

Battery Up-Lighters

These battery up-lighters are RGBWAUV LED's to give a huge range of colour options and can be used outdoors. Featuring built in W-DMX transceiver.

Ideal for quick and easy indoor or outdoor lighting!

Available in 8-way charger cases for easy charging.

Trade Discounted Hire Rates Available

LEDj Rapid QB1 Hex IP Up-lighters - AVAILABLE FOR HIRE NOW!

Rapid QB1 HEX IP is a portable battery powered uplighter outputting ultra-smooth colours from rich saturated hues to subtle pastel shades. The temporary outdoor rated compact and robust housing repels water, snow and dirt for all-weather applications and is easily concealable. The internal lithium battery has autonomy of up to 18 hours in single colour mode and up to 5.5 hours of colour fading and chases, while the charging time is only 5 hours. The units feature an extractable foot that allows users to adjust the tilt angle. The on-board wireless transceiver and W-DMX compatibility make for a truly cable free operation.
